

What Do You Think?

Working closely with Wakefield and Bradford YOTs we have produced a 'What Do You Think?' questionnaire designed to be completed by the young person, assisted by YOT staff.

As part of the preparation for inspection it is important to ensure that case files reflect the work that is being done with young people. This easy-to-use document will assist staff in gaining their views and incorporating them into their assessment in an accurate and effective way.

The questions reflect *exactly* what is on YOIS, in *exactly the same order*. Using this will help in the transfer of the information to the electronic case file and improve the number of 'What Do You Think?' questionnaires that are present on YOIS.

The document folds open concertina-style over 10 pages, with a folded flat size of 180mm x 125mm. It is printed using a palette of pastel colours, and has no YOT-specific markings, sponsorship or advertising. The 170gsm paper has been selected to make it easy to write on. The lay-out is clear and simple to help young people read and understand it.

The seven sections are on separate pages, each with a different colour, with a space to record answers to the supplementary questions. The final summary questions are also on a separate page.

You can order the following quantities. They will be ready for delivery in early May.

- 1000** £250
- 500** £150
- 250** £100
- 100** £75

To place an order, or to receive a sample, please contact me as soon as possible.
